At Eagle Tree Lodge

This **private waterfront post & beam B&B / Lodge accommodation** is situated on a secluded tributary of the Fraser River in **Agassiz, BC**. Located 1.5 hours East of Vancouver and only 5 minutes off the Trans Canada Highway.

Our lodge has truly breathtaking **river and mountain views** with nature all around. There's plenty of room to explore the private lagoon with our complimentary canoe or try going for a nature walk on the dyke.

Our rooms are comfortable and spacious. The beds beckon you to lie down for a night of quiet, blissful sleep. Relax on our very large deck and watch **Osprey & Eagles** dive for fish; there are resident **beavers and otters** that are often seen as well. You may get lucky and catch a glimpse of a black bear by the waters edge.

Kick back in front of our **wood-burning fireplace** as you enjoy the oversized comfortable sectional couches, or maybe you need a good massage in our **massage chair**. Look up and enjoy majestic **30ft cathedral ceilings** in the common living room. For your dining pleasure there is a large solid log table that is suitable for small banquets or board meetings. Are you a reader? We have a special library full of old and new books with lots of local history so curl up in front of the fireplace and enjoy a good book.

Four those who enjoy sports and movies, we have a home theatre with a brand new **Blue Ray HD TV**, player & **satellite TV**.
